

24 July 2020

The Public Investment Corporation (PIC) invests funds on behalf of public sector entities including the Government Employees Pension Fund. The organization is the largest investment manager in the country and the continent. Applications are invited from dynamic individuals for the following challenging position:

**Position: Information Security Management Systems Lead
Job Grade: * D1 – D3
(Ref:24/07/20)**

Salary: All-inclusive remuneration package negotiable

Centre: Public Investment Corporation, Pretoria

Requirements:

- A minimum of B Degree in Computer Science/ Information Technology/ Computer Systems Engineering/ Information Systems OR related field.
- CISM, CISA, ISO 27001 Lead Implementor, Lead Auditor,
- A minimum of 6-8 years of experience in Information Security or related ICT environment and Professional Certification in Information Security.
- Professional experience in running the Governance, Risk and Compliance office applying frameworks to manage, measure and report risks.
- A good understanding of security and privacy regulations such as RICA, POPI, ECT Act, and corporate security policies and procedures.
- Strong understanding of security and auditing standards such as ISO 27001:2013
- Knowledge of various information security domains
- Practical experience of ISMS implementation

Duties:

- Implement, maintain, monitor and ensure the effective operation of the Information Security Management System (ISMS) following guidelines from the ISO/IEC 27001:2013 standard for the PIC.
- Define and implement key processes and functions required to enable the ISMS in PIC.
- Conduct interviews with relevant responsible and accountable personnel and scrutinise the relevant documentation to ensure that ISMS requirements are met.

- Conduct the information security risk assessments and ensure that the risk remediation plans tie in with the controls design and implementation of ISMS.
- Manage and coordinate the risk register, risk exceptions, metrics, reporting and the management of identified information security risk, remediation actions plans from all sources.
- Assist with preparation of information security documentation and executive level reports (e.g. Board, Audit, and Risk Committees).
- Assess and mitigate third party vendor, and information security compliance risks from current and changing business practices, systems, policies, regulations, and laws to ensure secure information handling and exchange processes.

Key Competencies:

- Planning and organising
- Complex problem solving
- Analytical skills
- Inductive and deductive reasoning
- Thinking creatively
- Judgement and decision making
- Confidentiality

With the PIC having topped the R2 trillion mark in assets under management and in the process of entering the global investment market, it is the best asset manager any serious professional would want to be associated with. It is also one of the better places from which one can serve South Africa.

Closing Date: 31 July 2020

PIC is an equal opportunity employer.
