

05 July 2022

The Public Investment Corporation (PIC) invests funds on behalf of public sector entities including the Government Employees Pension Fund. The organisation is the largest investment manager in the country and the continent. Applications are invited from dynamic individuals for the following challenging position:

Position: Sector Specialist: Manufacturing

Grade: E1 – E4

(Ref: SSM001)

Salary: All-inclusive remuneration package negotiable

Division: Research and Project Development

Requirements:

- Post graduate qualification in Commerce, Finance, Engineering or equivalent relevant qualification. Master's degree/MBA/CFA would be advantageous.
- At least 5 -8 years' experience in the Manufacturing, Transport or ICT sector or as an Equity Analyst in one or more key sectors of the economy.
- Experience in undertaking research with implications for the economy, financial markets and investments is key.
- Experience of implementing research views in portfolios would be highly desirable.
- Must possess the desire and ability to work in a collaborative and intensive team-orientated environment.

Duties:

- Produce Industry-leading proprietary research that generates Investment views and ideas in the Manufacturing, Transport and ICT sectors.
- Manage the Investment identification process across Manufacturing, Transport and ICT sectors.
- Research and analysis impact of current as well as evolving macro themes and trends in Manufacturing, Transport and ICT sectors.
- Develop industry-leading knowledge on sectorial key value creation drivers and response to various macro environments.
- Identify and generate sector, intra-sector and cross-sector investable opportunities.
- Develop models to estimate Economic (GDP) impact as well as Fund (Returns) potential impact of the sector.
- Remain up-to-date on developments in global financial markets and economics.

- Assist deal teams understanding the key risks and opportunities during the due diligence process, when potential investments are being evaluated.
- Assist with deal origination for PIC's Project Development Partnership Fund.

Competencies and skills:

- Excellent understanding of the Manufacturing, Transport and ICT investment environment in South Africa and the Rest of Africa, with previous work experience in this area
- Financial modelling skills
- Excellent writing and communication skills
- Excellent presentation skills
- Ability to work alone and in a team environment
- Good time management
- Performance and results-oriented
- Ability to deal with pressure/stress
- Stay abreast with the latest trends in the economy
- Problem-solving skills
- Ability to evaluate market intelligence
- Customer service orientated
- Management skills
- Analytical thinker
- Good understanding of Risk

With the PIC having topped the R2 trillion mark in assets under management and in the process of entering the global investment market, it is the best asset manager any serious professional would want to be associated with. It is also one of the better places from which one can serve South Africa.

Closing Date: 18 July 2022

PIC is an equal opportunities employer and as such appointments will be in line with the PIC Employment Equity plan.
