▪

SCOPE OF SERVICES

The Bidder is expected to cover the following project scope items in the delivery of the of Listed Investment Management Solution project:

➤ **Requirements Gathering and Analysis**

The bidder is expected to conduct thorough requirements gathering sessions with PIC stakeholders.

The bidder is expected to produce deliverables including but not limited: Business Requirements Specification, Technical Requirements Specification and Software Requirement Specifications which will be used as input into the design phase of the project

➤ **Design**

As part of the design phase of this project, the bidder is expected to deliver design phase deliverables such as System Architecture and Detailed Design Specifications

SCOPE OF SERVICES

PROJECT APPROACH cont.

➤ **Implementation and Configuration**

Based on the requirements gathered, the bidder is expected to configure and deliver a Listed Investment Management Solution that meets all approved requirements/specification to the PIC's.

➤ **Testing**

The bidder is expected to lead the testing effort for the configured solution. The bidder will be requested to produce test cases, test summary reports, test results, quality assurance plan, revised bug lists and user acceptance test.

SCOPE OF SERVICES

PROJECT APPROACH cont.

➤ **Deployment**

The bidder is expected to deploy the fully tested solution to environments such as Development, Quality Assurance, Pre-Production and Production and Disaster Recovery environments respectively. The Pre-Production environment must be similar to the Production environment) for use by the PIC's listed investment business units.

➤ **Data Migration**

The bidder is expected to lead and perform data migration (as per scope agreed with the PIC during the Analysis phase) from the current PIC listed investment management solution (primarily HiPortfolio Investment Accounting and Asset Servicing application) onto the proposed solution.

SCOPE OF SERVICES

PROJECT APPROACH cont.

The PIC expects the bidder to produce data migration deliverables **including but not limited to** migration strategy, source to target mapping specification, and data quality management specification as part of this process.

The bidder is expected to lead the data migration process and develop the necessary technical capabilities to extract, transform and load the data into the proposed solution.

The bidder is expected to migrate PIC data into the provided solution environments i.e.: DEV, QA, Pre-Production and Production environments.

SCOPE OF SERVICES

PROJECT APPROACH cont.

➤ **Maintenance and Support**

The bidder is expected to provide comprehensive maintenance and support for the deployed Listed Investment Management solution for a period of ten (10) years. New upgrades to the solution will be carried out as per the PIC's solution upgrade processes.

The bidder is expected to upskill PIC IT personnel and document detailed operationalization manuals.

In addition, the bidder must provide provide comprehensive **Change Management Services and Project Management Services** as part of the project implementation(See section 8 of RFP).
