

INVESTMENT DETAILS

Sector

HEALTHCARE & EDUCATION

Investment Background

Mobile Specialised Technologies (MST) designs, builds, operates and maintains a fleet of healthcare and education service buses. MST provides preventative healthcare, allowing for early detection and correction of health problems before they become serious. Education buses expose children to technology and offer career guidance. Health units are fully customisable and generally consist of a primary healthcare consultation room, an optometry facility and a dental facility.

Investment Rationale

The investment supports a small business, expands employment, enhances accessibility of healthcare for rural communities and helps improve educational outcomes of historically disadvantaged groups.
