

INVESTMENT DETAILS
Sector
TELECOMMUNICATIONS
Investment Background
The investment was a result of an exit settlement package from the initial investment in Blue Label Telecoms. Since the initial investment was done in May 2005, there has been a considerable amount of restructuring in the investee companies, resulting in this residual exposure to Multisource, which operates in the ICT sector.
Investment Rationale
The investment provided for investment return and support for ICT infrastructure, a critical requirement for economic development.
